Open FI\$Cal

California's Spending Data

Welcome to **Open FI\$Cal**, California's financial transparency portal. Open FI\$Cal displays data from the Financial Information System for California (FI\$Cal), to allow the public to monitor state spending and know where their tax dollars are going. Scroll down to explore or download the data.

Explore Expenditures

Search, filter, and visualize state spending by fund, type, or department. Currently, the site includes data from 151 departments (totaling 188

business units) representing 79% of state expenditures, updated on a monthly basis.
